*Clearwater, FL, September 26, 2008* — Award-winning producer June Connell will begin a new radio show on **Thursday, October 2nd, at 1pm**, on 1340am, exclusively about pregnancy, birth and new parenthood. It is the first and only show of its kind in the Tampa Bay area.

“We’ll talk about everything that has to do with having a baby,” says Connell, who became a natural childbirth educator in 2004 after a twenty-two year career in radio and television. “We’ll talk about prenatal nutrition and exercise, natural birth, Cesarean births, choosing a midwife or doula, finding a caregiver who will induce labor naturally...it will all be part of this new, live call-in show.”

“What on Birth is Going On?” is supported in part by the Tampa Bay Birth Network, a natural birth network that offers expectant couples one-stop access to a directory of natural birth professionals, such a midwives, childbirth educators, chiropractors and acupuncturists. For details about membership and sponsoring the radio show, visit the network’s website at [www.tampabaybirthnetwork.com](http://www.tampabaybirthnetwork.com).

With the enthusiasm that she brings to the radio show, Connell emphasizes that, “If you’re pregnant, skip the baby shows on TV. *This* is the show to tune into.”
